

International Conference on Mathematical Sciences and its Applications (ICMSA)

07th and 8th October, 2021

Organized by

Department of Mathematics

PASUMPON MUTHURAMALINGA THEVAR COLLEGE,

(Affiliated to Madurai Kamaraj University)

USILAMPATTI – 625 532

MADURAI DISTRICT, TAMIL NADU, INDIA.

Our college

Our college is a community college, meant for Mukkulathor Community, of which Piramalai Kallar, a sect thickly populated in our area, who had been under the subjugation of draconian Criminal Tribes Act until 1947. Our founders namely P.K.Mookaiya Thevar and V.K.C.Natarajan who could access to graduation which had been a rarest of rare event in the history of education of Piramalai Kallar Community as founders felt the pain and grasped the necessity of empowering of our people through higher education with scarce resources of economy blended with the sense of strong will for community development.

Our college is tirelessly working for instilling the spirit of Nationalism among the students as it has been named after Pasumpon Muthuramalinga Thevar who had been a great Patriot and remained a spiritual Guru till he breathed his last. In addition to that since its inception, our college is keen on promoting education to the poor in line with our constitution without looking into the merit but with the spirit of accommodation irrespective of caste or economical status.

Our Department of Mathematics

Our department is well equipped with faculties and sophisticated infrastructure. Our department is continuously pursuing all kinds of extracurricular activities other than examination oriented like guest lectures, value added courses, motivating students to do innovative projects and to make them attend seminars, workshops, and so on.

Our Conference

Our College, despite being situated in a rural setting, has to stand up to the challenges of globalisation and privatisation of education which has thrown open the floodgates for the juggernaut to thrive upon. Fusion of dynamism in the culture of academical activities has become a primary task. Hence our Management is initiating steps to hold such kind of international conferences which cannot be dreamt of, in places like Usilampatti. This effort will offset the balance of standard in education between rural and cosmopolitan. This conference will usher in an era of innovation and lead to have connections with international scholars who present their new ideas. There is a possibility of getting connected to funding agencies via this conference.
